

Plan Your Event

<p>What's your cause? <i>What issue do you want to support through your event? Is there a particular organization you are wanting to work with?</i></p>	
<p>What do you want to achieve through this event? <i>Are you interested in helping fundraise by collecting donations? Are you trying to spread awareness? Knowing your goals can make planning your own event easier!</i></p>	
<p>What do you need to make your event a success? <i>Do you need to prepare materials to hand out? Do you need a table and chairs, or a laptop to show your video? Do you need people to help you? Would the help of an adult be useful?</i></p>	
<p>How can you make your event fun? <i>In what ways can your event be highly engaging for your audience? Consider playing your video to catch the attention of people passing by. Remember, advocating for a cause close to your heart should be fun!</i></p>	
<p>How can you gain interest in your event? <i>How will you let people know about your event? It is useful to know who you are trying to target before you start to advertise. For example, if your desired audience is students then putting posters around school may prove useful.</i></p>
